WESTERN CANADA'S FALL FEMALE SOURCE

OCTOBER 2016 | **Fall Female Buyer's Guide**

! ORANGE !
is the new BACK !

The Canadian Gelbvieh Association (CGA) is proud to have Gelbvieh branded RFID tags available to assist both purebred Gelbvieh breeders and commercial cattlemen using Gelbvieh bull(s) in identifying and marketing their Gelbvieh influence calves. The Gelbvieh RFID tags are manufactured by Allflex and are distinguished by their unique "orange" colored back with a "G" icon and Canadian maple leaf.

Introducing
GELBVIEH BRANDED CCIA TAGS

Tag buyers must qualify under one of the following criteria:

- CGA members in good standing with active Gelbvieh females
- Cattlemen who have purchased CGA registered bull(s) since 2010 to current and who's ownership has been transferred.

Orders will be taken through the CCIA web store, and kept pending for approval by the CGA. Orders will be shipped directly to the purchaser (about 3 days)

For more information contact
